

PPL LIVE LINE ELECTRICAL SAFETY EXHIBIT

PPL Electric Utilities will be demonstrating its new mobile electrical safety exhibit to provide an up-front look at the dangers associated with contacting power lines and other electrical equipment.

WHEN: Wednesday August 9th, 2023 @ 1 pm & 6:30 pm

Questions contact Dawn Rineer - treasurer@pequeatwp.org (717-464-2322)

WHERE: *New Danville Fire Company*
43 Marticville Rd
Lancaster PA 17603

WHAT: The safety exhibit replicates the conditions of an electrical distribution system with live 7.2 kV electrical wires, utility poles, and transformers. It's a new tool that PPL is incorporating into electrical safety demonstrations for the public. It will be traveling around PPL's service territory for presentations to firefighters, first responders and school students.
